FINEPOSE

AI Singapore's Social Distancing App

About FinePose

To combat COVID-19, AISG has developed a social distancing app to encourage individuals to maintain physical distance from each other.

Note: This app reflects an approximate measure of physical distance and should not be used as a substitute for healthcare guidelines.

The mobile app's APK (alpha version) for Android phones is downloadable from this page. Please contact us for further discussion if you would like to deploy on other devices such as cameras and laptops.

Benefits

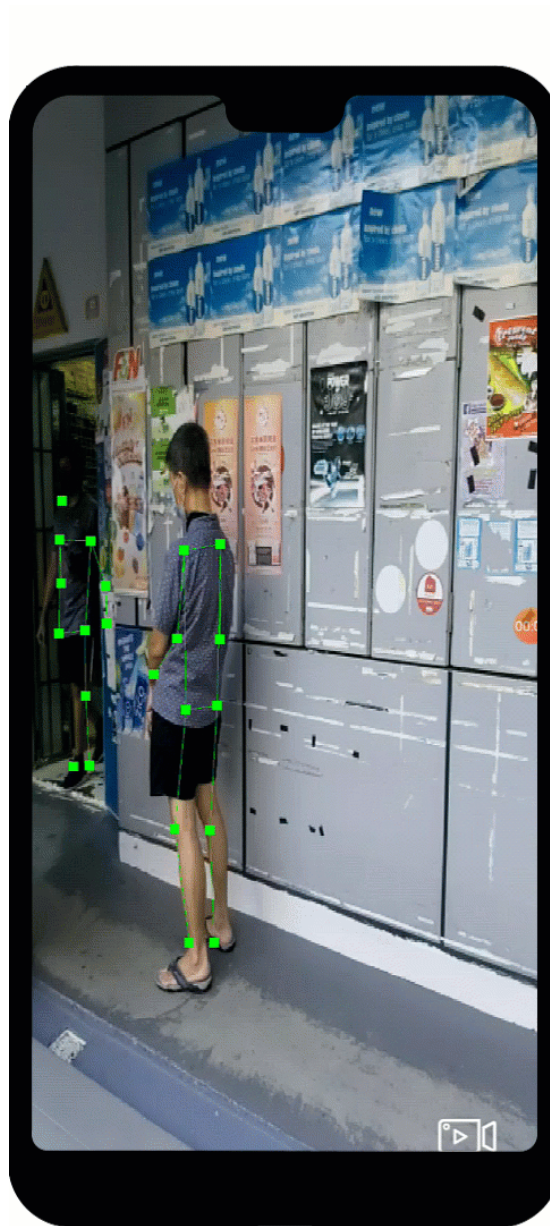

Easy to deploy on-edge (Android phones) or on-premise

No login required

Fast setup to enable ease of use

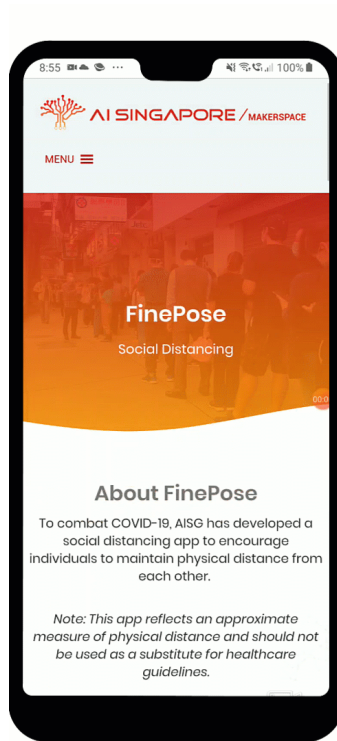

Protects your privacy

Video feed is not recorded

Real-time inference

Raises alert (red) if individuals are standing close to each other

Installation

Step 1: Download the APK file

Step 2: Follow instructions to install

Step 3: Launch FinePose

[Download Here](#) →

Android phone requirement

- Minimum Android 9 with Snapdragon 855 processor or equivalent.
- An app is required to unzip and extract the file.

Other information

- Projecting the screen to an external monitor is suggested for easy viewing.
- If you prefer to install onto a computer with a web camera, please contact us for further details.
